PART -I. HIGHLIGHTS/SUMMARY OF THE SCHEME

Sr. No.	Title	Description
i.	Name of the scheme	Shriram Multi Asset Allocation Fund
ii.	Category of the Scheme	Multi Asset Allocation Fund
iii.	Scheme type	An open ended scheme investing in Equity, Debt & Money Market Securities and Gold/Silver ETFs and related instruments
iv.	Scheme code	SHRI/O/H/MAA/23/07/0006
v.	Investment objective	The primary objective of the scheme is to generate long term capital appreciation with inflation beating returns by investing in Equity and Equity related securities, Debt and Money Market instruments, Gold/Silver ETFs, and REITs / InvITs. There is no assurance that the investment objective of the Scheme will be achieved.
vi.	Liquidity/listing details	In line with the SEBI (Mutual Funds) (Third Amendment) Regulations, 2022 dated November 15, 2022 and Para 14.1 of SEBI Mutual Funds Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 on Timelines for transfer of dividend and redemption proceeds for unitholders, under normal circumstances the AMC shall dispatch/transfer the redemption proceeds to the unitholders within 3 working days of receipt of the valid redemption request (however, in case of exceptional situations specified by AMFI in its letter no. AMFI/ 35P/ MEM-COR/ 74 / 2022-23 dated January 16, 2023 additional timelines allowed in the said AMFI letter shall be considered for transfer of redemption or repurchase proceeds to the unitholders). Interest for the period of delay in transfer of redemption or repurchase proceeds shall be payable to unitholders at the rate of 15% per annum or such other rate as may be prescribed by SEBI from time to time along with the proceeds of redemption or repurchase if the redemption or repurchase proceeds are not transferred within three working days from the date of redemption or repurchase and within specified additional timeline (in exceptional situations) mentioned above. Such Interest shall be borne by AMC.
vii.	Benchmark (Total Return Index)	The benchmark of the scheme is Nifty 50 TRI (70%) + NIFTY Short Duration Debt Index (20%) + Domestic prices of Gold (8%) + Domestic prices of Silver (2%) Justification for use of benchmark: The composition of this index is in the line with the investment objective of the Scheme and hence it is the most suited benchmark for comparing the performance of the Scheme. The Trustee/AMC reserves the right to change the benchmark for the evaluation of the performance of the Scheme from time to time, keeping in mind the investment objective of the Scheme and the appropriateness of the benchmark, after obtaining relevant approval from SEBI.
viii.	NAV disclosure	The AMC shall update the NAVs on the website of the Mutual Fund https://www.shriramamc.in/investor-nav and on the website of Association of Mutual Funds in India - AMFI (www.amfiindia.com) by 11.00 p.m. on every Business Day. Further Details in Section II.
ix.	Applicable timelines	Timeline for: Dispatch of redemption proceeds– The redemption or repurchase proceeds shall be dispatched to the unitholders within three working days from the date of redemption or repurchase. For list of exceptional circumstances refer para 14.1.3 of SEBI Master Circular for Mutual Funds dated June 27, 2024 Dispatch of IDCW– Not Applicable, as scheme does not have IDCW option.
x.	Plans and Options Plans/Options and sub options under the Scheme	The Scheme will have two Plans i.e. Direct Plan & Regular Plan. Both the Plans offer Growth option. Currently, the scheme is not offering Income Distribution cum Capital Withdrawal Option (IDCW).

		The Trustee reserve the right to introduce/modify investment Plans/Options under the Scheme at a future date in accordance with SEBI (MF) Regulations. All plans/options will have a common portfolio. Direct Plan is only for investors who purchase /subscribe Units in the Scheme directly with the Fund and is not available for investors who route their investments through a Distributor. Guidelines for Processing of transactions received under Regular Plan with invalid ARN: In accordance with AMFI circular no. 135/BP/ 111 /2023-24 dated February2, 2024, transactions received in Regular Plan with Invalid ARN shall be processed in Direct Plan of the same Scheme (even if reported in Regular Plan), applying the below logic: <table><tr><th>Transact ion Type</th><th colspan="3">Primary ARN</th><th colspan="2">SUB distributor ARN</th><th>EUI N*</th><th>Execu ti on Only Ment ion ed</th><th>Reg ular Plan / Direct Plan</th></tr><tr><th></th><th>V al id</th><th>Inva lid</th><th>Empane lled</th><th>V al id</th><th>Inva lid</th><th>V ali d</th><th>Yes</th><th></th></tr><tr><td rowspan="5">Lump Sum/ Registra tion</td><td>Y</td><td></td><td>Y</td><td></td><td></td><td></td><td>Y</td><td>Regular</td></tr><tr><td>Y</td><td></td><td>N</td><td colspan="4">Not applicable</td><td>Direct</td></tr><tr><td>Y</td><td></td><td>Y</td><td>N . PART II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the anticipated asset allocation pattern of the Scheme would be as under:

Instruments	Indicative Allocation (% of total assets)	
	Maximum	Minimum
Equity and Equity-related Instruments *	80%	65%
Debt and Money Market Instruments and Cash	25%	10%
Gold/Silver ETFs	25%	10%
Units issued by REITs and InvITs	10%	0%

* Including Derivatives

For the purpose of ensuring liquidity, the scheme will invest in those securities that fall within the definition of liquid assets like Treps, Call money, T-bills, etc. as permitted by SEBI/RBI.

A part of the net assets may be invested in the Triparty repo (TREPS) or repo or in an alternative investment as may be provided by RBI to meet the liquidity requirements. However, such investment shall not exceed 55% of the net assets of the scheme.

There can be no assurance that the investment objective of the scheme will be realized. The scheme will also review these investments from time to time and the Fund Manager may churn the portfolio to the extent as considered beneficial to the investors.

- f. Units of MF schemes and Equity Exchange Traded Funds (ETFs).
- g. Gold/Silver ETFs and related instruments
- h. Investments in other schemes

C. WHAT ARE THE INVESTMENT STRATEGIES?

(i) Investment Strategy

The Scheme may utilize in house fundamental research and quantitative framework to monitor the markets to decide the asset allocation mix in various asset classes.

- i. Valuation parameters like Price to Book Value and Price to Earnings of Equity market indices, Bond Equity Earnings Yield Ratio (BEER), VIX and Equity and Debt market Momentum will be taken into account while deciding the asset allocation levels of the portfolio between equities and debt.
- ii. Fixed income allocation will be made based on the evaluation of macroeconomic factors, yield spreads, yield curve and other such factors.
- iii. The model may also use Cost of capital and Rental yields prevailing in the market to determine its allocation to REITs and InvITs.
- iv. Factors such as Equity Index to Gold Price Ratio, Gold Price to Crude Oil Ratio, Gold Price to G Sec yield Ratio, Dollar Index to Gold Price Ratio and similar parameters may be considered to decide the allocation to gold/silver ETFs.
- v. The Scheme, being an open-ended multi-asset scheme, investing across multiple assets, would aim to generate long-term capital appreciation through an actively managed portfolio having significant exposure in equity, Debt and Gold/Silver ETFs. The scheme will intend to build a multi-asset portfolio across different assets with a long-term perspective.
- vi. The scheme would invest a minimum of 65% of total assets in equity & equity related instruments
- vii. Minimum of 10% in Debt and money market instruments and
- viii. Minimum of 10% in Gold/Silver ETFs

Equity / Equity Related Derivative Instruments:

For detailed derivative strategies, please refer to SAI.

Overview of Debt Market: The major players in the Indian Debt Markets today are banks, financial institutions, insurance companies and mutual funds. The instruments in the market can be broadly categorized as those issued by corporate, banks, financial institutions and those issued by state/central governments. The risk associated with any investments are - credit risk, interest rate risk and liquidity risk. While corporate papers carry credit risk due to changing business conditions, government securities are perceived to have zero credit risk. Interest rate risk is present in all debt securities and depends on a variety of macroeconomic factors. The liquidity risk in corporate securities market is higher compared to those of government securities. Liquidity in the corporate debt market has been improving due to the entry of more players and due to various measures taken by the regulators in this direction over a period of time. SEBI's directive of a compulsory rating by a rating agency for any [public issuance over 18 months is a case in point. In times to come, dematerialization, entry of private insurance companies and growth of fixed income mutual funds are expected to enhance liquidity in corporate debt market.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Benchmark Index

Nifty 50 TRI (70%) + NIFTY Short Duration Debt Index (20%) + Domestic prices of Gold (8%) + Domestic prices of Silver (2%)

The weightages as provided in benchmark are as per intended investments to be made in those asset classes.

Justification for use of benchmark

The composition of this index is in the line with the investment objective of the Scheme and hence it is the most suited benchmark for comparing the performance of the Scheme.

The Trustee/AMC reserves the right to change the benchmark for the evaluation of the performance of the Scheme from time to time, keeping in mind the investment objective of the Scheme and the appropriateness of the benchmark, after obtaining relevant approval from SEBI.

As per the amended regulations i.e. sub-regulation 16(A) in Regulation 25 of SEBI (Mutual Funds) Regulations, 1996 ('MF Regulations'), asset management companies ('AMCs') are required to invest such amount in such scheme(s) of the mutual fund, based on the risk associated with the scheme, as may be specified by the Board from time to time.

As per sub-regulation 17 in Regulation 25 of SEBI (Mutual Funds) Regulations, 1996 ('MF Regulations'), The asset management company shall not invest in any of its scheme, unless full disclosure of its intention to invest has been made in the offer documents, in case of schemes launched after the notification of Securities and Exchange Board of India (Mutual Funds) (Amendment) Regulations, 2011.

Provided that an asset management company shall not be entitled to charge any fee on its investment in that scheme.

PART III - OTHER DETAILS

A. COMPUTATION OF NET ASSET VALUE (NAV)

Illustration on Computation of NAV

The computation of NAV, valuation of securities / assets, accounting policies and standards would be in conformity with the SEBI (Mutual Funds) Regulations, 1996 and guidelines issued from time to time. The NAV per unit shall be calculated as follows:

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme's + investments} + \text{Current Assets including accrued income} - \text{Current Liabilities and Provisions including accrued expenses}}{\text{No. of Units outstanding under Scheme/Plan/Option}}$$

The NAV of the Scheme(s) will be calculated and disclosed at the close of every Business Day. Separate NAVs will be calculated and announced for each Plans / Options.

The NAV of the Scheme(s) will be calculated up to 4 decimals. Units will be allotted up to 3 decimals.

The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and shall be subject to such regulations as may be prescribed by SEBI from time to time.

The NAV of the Scheme(s) will be calculated and disclosed at the close of every Business Day. Separate NAVs will be calculated and announced for each Plans / Options.

The NAV of the Scheme(s) will be calculated up to 4 decimals. Units will be allotted up to 3 decimals.

The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and shall be subject to such regulations as may be prescribed by SEBI from time to time.

Illustration on Computation of NAV:

Assume that the Market or Fair Value of Scheme's investments is Rs. 1,00,000; Current asset of the scheme is Rs. 25,000; Current Liabilities and Provisions is Rs. 15,000 and the No. of Units outstanding under the scheme are 5,000. Thus, the NAV will be calculated as:

$$\text{NAV} = \frac{100000 + 25000 - 15000}{5000} = 22$$

Therefore, the NAV of the scheme is Rs. 22

Pursuant to Regulation 49 (3) the repurchase Price of the units of an open ended scheme will not be lower than 97% of the NAV. Any imposition or enhancement of Load in future shall be applicable on prospective investments only. For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc, kindly refer SAI.

5. The investor should refer to the website of the mutual fund for the latest expense ratio of the scheme.
 These estimates have been made in good faith as per the information available to the Investment Manager based on past experience and are subject to change inter-se. Types of expenses charged shall be as per the SEBI (MF) Regulations.

Further, the notice of change in base TER (i.e. TER excluding additional expenses provided in Regulation 52(6A)(c) of SEBI (Mutual Funds) Regulations, 1996) in comparison to previous base TER charged to the scheme will be communicated to investors of the scheme through notice via email or SMS at least three working days prior to effecting such change.

However, any decrease in TER due to decrease in applicable limits as prescribed in Regulation 52 (6) (i.e. due to increase in daily net assets of the scheme) would not require issuance of any prior notice to the investors. Further, such decrease in TER will be immediately communicated to investors of the scheme through email or SMS and uploaded on the AMC website.

The above change in the base TER in comparison to previous base TER charged to the scheme shall be intimated to the Board of Directors of AMC along with the rationale recorded in writing.

The changes in TER shall also be placed before the Trustees on quarterly basis along with rationale for such changes.

Illustration of impact of expense ratio on scheme's returns:

Regular Plan

Particulars		NAV
Opening NAV per unit	A	10.000
Gross Scheme Returns @ 8.75%	B	0.875
Expense Ratio @ 1.50 % p.a. (including distribution expenses) charged during the year	$C = (A \times 1.50\%)$	0.150
Closing NAV per unit	$D = A + B - C$	10.725
Net 1 Year Return	$D/A - 1$	7.25%

Direct Plan

Particulars		NAV
Opening NAV per unit	A	10.000
Gross Scheme Returns @ 8.75%	B	0.875
Expense Ratio @ 0.80 % p.a. (including distribution expenses) charged during the year	$C = (A \times 0.80\%)$	0.080
Closing NAV per unit	$D = A + B - C$	10.795
Net 1 Year Return	$D/A - 1$	7.95%

The above calculation is provided to illustrate the impact of expenses on the scheme returns and should not be construed as indicative Expense Ratio, yield or return.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.shriramamc.in) or may call your distributor.

Type of Load	Load chargeable (as % age of NAV)
Exit Load	If redeemed / switched-out within 90 days from the date of allotment: • Upto 12% of units: Nil • More than 12% of units: 1% of applicable Net Asset Value (NAV) If redeemed/switched-out after 90 days from the date of allotment: Nil

For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

The abovementioned load structure shall be equally applicable to the special products such as STP, SWP, switches, etc. offered by the AMC. Load, if any, shall be applicable for switches between eligible schemes of Shriram Mutual Fund as per the respective prevailing load structure; however, no load will be applicable for switches between the Plan with a common portfolio under the Scheme and switches between the Options under each Plan under the Scheme.

The Mutual Fund may charge the load within the stipulated limit of 3% and without any discrimination to any specific group. The Repurchase Price however, will not be lower than 97% of the NAV.

The Trustee reserves the right to modify/alter the load structure and may decide to charge an exit load on the Units with prospective effect, subject to the maximum limits as prescribed under the SEBI Regulations. At the time of changing the load structure, the AMC shall take the following steps:

- Arrangements shall be made to display the changes/modifications in the SID in the form of a notice in all the Shriram AMC ISCs' and distributors' offices.
- The notice-cum-addendum detailing the changes shall be attached to SIDs and Key Information Memoranda. The addendum will be circulated to all the distributors so that the same can be attached to all SIDs and Key Information Memoranda already in stock.
- The introduction of the exit load along with the details shall be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- Any other measures which the mutual funds may feel necessary.

The AMC may change the load from time to time and in case of an exit/repurchase load this may be linked to the period of holding. It may be noted that any such change in the load structure shall be applicable on prospective investment only. The exit load (net off GST, if any, payable in respect of the same) shall be credited to the Scheme of the Fund.

The distributors should disclose all the commissions (in the form of trail commission or any other mode) payable to them for the different competing schemes of various mutual funds from amongst which the scheme is being recommended to the investor.

I. INTRODUCTION

A. DEFINITIONS/INTERPRETATION

Investors may refer to below link for definitions/interpretations.

<https://cdn.shriramamc.in/uploads/Statutory-disclosure/Offer-Documents/Data/Definitions.pdf>

B. RISK FACTORS

i. Scheme Specific I Risk Factors:

Some of the specific risk factors related to the scheme include but are not limited to the following:

1. The performance of the scheme may be affected by the corporate performance, macro-economic factors, changes in Government policies, general levels of interest rates and risk associated with trading volumes, liquidity and settlement systems in the securities markets.
2. Low trading volumes, settlement periods and transfer procedures may restrict the liquidity of the scheme's investments. Transacting may become difficult due to extreme volatility in the market resulting in constriction in volumes. Additionally, changes in the SEBI/ RBI regulations/Guidelines may have an adverse impact on the liquidity of the scheme. Different segments of the Indian financial markets have different settlement periods, and such period may be extended significantly by unforeseen circumstances. The length of time for settlement may affect the Scheme in the event the Scheme has to meet an inordinately large number of redemption requests.

ii. Risk associated with investments in equities and equity related instruments:

Investments in equity and equity related instruments involve a degree of risk, both company specific and market risks and thus investors should not invest in the Scheme unless they can afford to take the risk of losing their investment. Although it is intended to generate capital appreciation and maximize the returns by actively investing in equity securities and utilizing debt and money market instruments as a defensive investment strategy.

Equity and Equity Related Instruments by nature are volatile and prone to price fluctuations on a daily basis due to macro and micro economic factors. The value of Equity and Equity Related Instruments may fluctuate due to factors affecting the securities markets such as volume and volatility in the capital markets, interest rates, currency exchange rates, changes in law/policies of the Government, taxation laws, political, economic or other developments, which may have an adverse impact on individual securities, a specific sector or all sectors. Consequently, the NAV of the Units issued under the Scheme may be adversely affected.

Equity and Equity Related Instruments listed on the stock exchange carry lower liquidity risk; however the Scheme's ability to sell these investments is limited by the overall trading volume on the stock exchanges. In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio may result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme's portfolio.

The Scheme may invest in securities which are not listed on the stock exchanges. These securities may be illiquid in nature and carry a higher amount of liquidity risk, in comparison to securities that are listed on the stock exchanges or offer other exit options to the investor. The liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.

iii. Risks associated with investments in Fixed Income Securities

Interest-Rate Risk: Fixed income securities such as government bonds, corporate bonds, and money market instruments and derivatives run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in prices

depends upon the coupon and maturity of the security, yield at which the security is being traded, put and call options on the security etc.

Re-investment Risk: Investments in fixed income securities carry re-investment risk as interest rates prevailing on the coupon payment or maturity dates may differ from the original coupon of the bond.

Basis Risk: Basis risk arises due to a difference in the price movement of the derivative vis-à-vis that of the security being hedged.

Spread Risk: In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. In the life of the security, the yield of the underlying benchmark may or may not change, but the spread of the security over the underlying benchmark might increase leading to loss in value of the security.

Liquidity Risk: The liquidity of a bond may change, depending on market conditions leading to changes in the liquidity premium attached to the price of the bond. At the time of selling the security, the security can become illiquid, leading to loss in value of the portfolio.

Credit Risk: This is the risk associated with the issuer of a debenture/bond or a money market instrument defaulting on coupon payments or in paying back the principal amount on maturity. Even when there is no default, the price of a security may change with expected changes in the credit rating of the issuer. It is to be noted here that a Government Security is a sovereign security and is the safest. Corporate bonds carry a higher amount of credit risk than Government securities. Within corporate bonds also there are different levels of safety and a bond rated higher by a particular rating agency is considered safer than a bond rated lower by the same rating agency.

Liquidity Risk on account of unlisted securities: The liquidity and valuation of the Scheme investments due to their holdings of unlisted securities may be affected if they have to be sold prior to their target date of divestment. The unlisted security can go down in value before the divestment date and selling of these securities before the divestment date can lead to losses in the portfolio.

Counterparty Risk: This is the risk of failure of counterparty to a transaction to deliver securities against consideration received or to pay consideration against securities delivered, in full or in part or as per the agreed specification. There could be losses to the Scheme in case of a counterparty default.

Settlement Risk: Fixed income securities run the risk of settlement which can adversely affect the ability of the fund house to swiftly execute trading strategies which can lead to adverse movements in NAV.

Risks associated with unrated instruments: Investments in unrated instruments are subject to the risk associated with investments in any other fixed income securities, as referred above. However, investments in unrated instruments are considered to be subject to greater risk of loss of principal and interest than rated instruments.

Duration Risk: Duration risk refers to the movement in price of the underlying invested money market / debt instruments due to movement/change in interest rates over different durations of maturity of instruments. In a portfolio of debt assets, the duration risk is measured by the average duration of the portfolio. Duration is used as a measure of the sensitivity of the fixed income instrument to a change in interest rates. Usually, Individual duration of the fixed income instruments in the portfolio is calculated and the portfolio duration is the weighted average of such individual instrument duration. A longer portfolio duration is associated with greater price fluctuations. A rise in interest rates could normally lead to decrease in prices and generally negatively affects portfolios having longer duration vis-a-vis portfolios having shorter duration. A fall in interest rate generally benefits portfolio having longer duration.

iv. **Risk Factors Associated with Investments in Exchange Traded Funds (ETFs)**

Some of the Scheme specific risk factors associated with ETFs are included as below but are not limited to the following:

Liquidity Risk: Trading in units of the ETFs on the Exchange may be halted because of market conditions or for reasons that in view of the Exchange authorities or SEBI, trading in units of the ETFs is not advisable. In addition, trading in units is subject to trading halts caused by extraordinary market volatility and pursuant to Stock Exchange(s) and SEBI "circuit filter" rules as applicable from time to time. There can be no assurance that the requirements of the exchange/s necessary to maintain the listing of units of the ETFs will continue to be met or will remain unchanged.

Regulatory Risk: Any changes in trading regulations by the stock exchange (s) or SEBI may affect the ability of Authorised Participant / Large Investor to arbitrage resulting into wider premium/ discount to NAV.

Passive Management of Investments: ETFs being a passive management tool does not carry risk of active fund

management. An actively managed mutual fund manager, on the other hand, can tailor portfolio holdings which are beyond the mandate of an ETFs. ETFs are passively managed and hence the risk associated with the particular ETFs corresponds closely to the risk of the underlying asset subclass the scheme is tracking.

Tracking Error: The Fund Manager may not be able to invest the entire corpus in the same proportion as in the underlying index due to various factors such as fees, expenses of the scheme, corporate action, cash balance, changes in underlying index and regulatory policies which may affect the AMCs / schemes ability to achieve close correlation with the underlying index. Tracking error may be accounted by the various reasons which includes expenses, cash balance to meet redemptions, payout of IDCW, time to reallocate the portfolio subsequent to changes in the underlying index etc.

Concentration Risk: ETFs may be susceptible to an increased risk of loss, including losses due to adverse occurrences affecting ETFs more than the market as a whole, to the extent that ETFs investments are concentrated in the securities of a particular issuer or issuers, country, group of countries, region, market, industry, group of industries, sector or asset class.

Currency Risk: Because the NAV of ETFs are determined in U.S. dollars/ other foreign currency, the NAV of ETFs could decline if the currency of Global market in which the ETFs invests depreciates against the U.S. dollar/ other foreign currency.

Geographic Risk: A natural or other disaster could occur in a geographic region in which the ETFs invests, which could affect the economy or particular business operations of companies in the specific geographic region, causing an adverse impact on the ETFs investments in the affected region.

Trading Risk: ETFs face numerous market trading risks, including the potential lack of an active market for ETFs, losses from trading in secondary markets, periods of high volatility and disruption in the creation/redemption process of ETFs.

Security Risk: Some countries and regions in which the ETFs invests have experienced security concerns. Incidents involving a country's or region's security may cause uncertainty in these markets and may adversely affect their economies and the ETFs investments.

Structural Risk: The countries in which the ETFs invest may be subject to considerable degrees of economic, political and social instability.

The market price of the ETF unit like any other listed security is largely dependent on two factors viz. the intrinsic value of the unit (or NAV) and demand and supply of the units in the market. Sizeable demand or supply of the units in exchange may lead to market price of the units to quote at premium or discount to NAV. And hence the units of the Schemes may trade above or below the NAV.

v. Risk associated with investments in Gold ETF:

The Scheme shall invest in Gold ETFs. Accordingly, the NAV of the scheme will react to Gold price movements. There is no assurance that gold will maintain its long term value in terms of purchasing power. In the event of price of gold declines, the value of investment in Units of the Scheme is expected to decline proportionately.

vi. Market Risk

The NAV of the Scheme will react to the prices of gold, Gold Related Instruments (Including Sovereign gold bond) and stock market movements. The Unit holder could lose money over short periods due to fluctuation in the NAV of the Scheme in response to factors such as economic and political developments, changes in interest rates and perceived trends in stock prices market movements, and over longer periods during market downturns.

Additionally, the prices of gold may be affected by several factors such as global gold supply and demand, investors' expectations with respect to the rate of inflation, currency exchange rates, interest rates, etc. Crises may motivate large-scale sales of gold, which could decrease the domestic price of gold.

vii. Risk associated with investments in Silver ETF's

Liquidity Risk:

Trading in units of the ETFs on the Exchange may be halted because of market conditions or for reasons that in view of the Exchange authorities or SEBI, trading in units of the scheme is not advisable. In addition, trading in units is subject to trading halts caused by extraordinary market volatility and pursuant to Stock Exchange(s) and SEBI "circuit filter" rules as applicable from time to time. There can be no assurance that the requirements of the exchange/s necessary to maintain the listing of units of the ETFs will continue to be met or will remain unchanged.

The ETFs have to sell silver only to bullion bankers / traders who are authorized to buy silver. Though there are an adequate number of such authorized players, the Mutual Fund may have to resort to distress sale of silver if there is no or low demand for silver to meet its cash needs of redemption or expenses.

The Lack of an Active Trading Market:

Although the units are listed and traded on the exchange, there can be no guarantee that an active trading market for the units will be maintained. If there is a need to sell the units at a time when no active market for them exists, the price that would be received, assuming that sale happens, likely will be lower than the price that would have been received if an active market did exist.

Withdrawal from Participation by Authorized Participants May Affect the Liquidity of Units:

If one or more Authorized Participants withdraws from participation, it may become more difficult to create or redeem Creation Units, which may reduce the liquidity of the Units. Such circumstances may be more pronounced in market conditions of increased volatility. If it becomes more difficult to create or redeem Creation Units, the correlation between the price of the Units and the NAV may be affected, which may affect the trading market for the Units.

Regulatory Risk:

Any changes in trading regulations by the stock exchange (s) or SEBI may affect the ability of Authorised Participant/ Large Investor to arbitrage resulting into wider premium/ discount to NAV. Any changes in any other regulation relating to import and export of silver or silver jewellery (including customs duty, sales tax and any such other statutory levies) may affect the ability of the scheme to buy/sell silver against the purchase and redemption requests received.

Passive Management of Investments:

Scheme follows a passive investment strategy. The scheme's performance may be affected by the general price decline in the silver prices. The ETFs shall invest in Silver regardless of their investment merit. The ETFs do not aim to take any defensive position in case of falling markets.

Active Market:

Although the ETFs will be listed on exchange, there can be no assurance that an active secondary market will be developed or maintained.

Redemption Risk: The ETFs would repurchase units in creation unit size only. Thus, if the unit holding is less than the creation unit size then it can be sold only through the secondary market on the exchange where the units are listed, subject to rules and regulations of the Stock Exchange. The AMCs will appoint Authorised Participant(s) (APs)/ Market Makers (MMs) to provide liquidity for the units of Silver ETFs in secondary market on an ongoing basis. The Authorised Participant(s) would offer daily two-way quote (buy and sell quotes) in the market.

The market price of the ETF unit like any other listed security is largely dependent on two factors viz. the intrinsic value of the unit (or NAV) and demand and supply of the units in the market. Sizeable demand or supply of the units in exchange may lead to market price of the units to quote at premium or discount to NAV. Hence, the units of the scheme may trade above or below the NAV. However, given that the investors can transact with AMC directly beyond the creation unit size of the scheme there should not be a significant variation (large premium or discount) and it may not sustain due to the arbitrage opportunity available.

The silver price reflects the prices of silver at a point in time, which is the price at close of business day. The ETFs, however, may trade these securities at different points in time during the trading session and therefore the prices at which the scheme trades may not be identical to the closing price of silver.

Market Risk: The value of the Units relates directly to the value of the silver held by the ETFs and fluctuations in the price of silver could adversely affect investment value of the Units. The factors that may affect the price of silver, inter alia, include demand & supply, economic and political developments, changes in interest rates and perceived trends in bullion prices, exchange rates, inflation trends, market movements, movement/trade of silver that may be imposed by RBI, trade and restrictions on import/export of silver or silver jewellery etc. Hence the investor may also lose money due to fluctuation in the prices of the silver.

Performance/Asset Class Risk: The performance of the silver will have a direct bearing on the performance of the ETFs. The returns from physical silver may underperform returns from any other asset class.

Currency Risk: The formula for deriving the NAV of the units of the ETFs is based on the imported (landed) value of the silver, which is computed by multiplying international market price by US Dollar value. Hence the value of NAV or silver will depend upon the conversion value and attracts all the risk associated with such conversion.

Operational Risks: Silver Exchange Traded Funds are relatively new products and their value could decrease if unanticipated operational or trading problems arise. Silver Exchange Traded Fund, an open ended Exchange Traded Fund, is therefore subject to operational risks. In addition, investors should be aware that there is no assurance that silver will maintain its long-term value in terms of purchasing power. In the event that the price of silver declines, the value of investment in Units is expected to decline proportionately.

- The ETFs may not be able to acquire or sell the desired number of units of silver due to conditions prevailing in the market, such as, but not restricted to circuit filters on the silver ETF (if any), liquidity and volatility in silver prices.
- Further, Investors may note that buying and selling units on stock exchange requires the investor to engage the services of a broker and are subject to payment of margins as required by the stock exchange/ broker, payment of brokerage, securities transactions tax and such other costs.
- The NAV of the units of Silver ETF are determined based on the formula as prescribed by the SEBI, whereas the actual price in the market may be different from the value of silver at based on the prescribed formula. This may lead to a condition where the NAV is too different from the domestic market price of silver. In such cases the trustees reserves the right to delay or suspend the buy/sell transactions.
- A day on which valuation on London Bullion Market Association (LBMA) is not available shall not be a Business day and hence NAV for the said day shall not be available to the Investors.
- Governments, central banks and related institutions, own a significant portion of the aggregate world silver holdings. If one or more of these institutions decides to sell in amounts large enough to cause a decline in world silver prices, the price of Units of the Scheme will be adversely affected.
- Conversion of underlying physical silver into the Units of the ETFs may attract capital gain tax depending on acquisition cost and holding period.

viii. **Risks associated with Investing in Derivatives:**

Systematic Risk: Systematic Risk is the risk associated with the entire market. Unlike unsystematic risk, it is not linked to a specific security or sector. Systematic risk is a market risk which can be due to macro-economic factors, news events, etc.

Mark to Market Risk: This risk is on account of day to day fluctuations in the underlying Security and its derivative instrument, which can adversely impact the portfolio.

Credit Risk: The credit risk is the risk that the counter party will default in its obligations and is generally small as in a Derivative transaction there is generally no exchange of the principal amount.

Interest rate risk: Derivatives carry the risk of adverse changes in the price due to change in interest rates.

Basis Risk: When a security is hedged using a Derivative, the change in price of the security and the change in price of the Derivative may not be fully correlated leading to basis risk in the portfolio.

Liquidity risk: During the life of the Derivative, the benchmark might become illiquid and might not be fully capturing the interest rate changes in the market, or the selling, unwinding prices might not reflect the underlying assets, rates and indices, leading to loss of value of the portfolio.

Model Risk: The risk of mis-pricing or improper valuation of Derivatives.

Trade Execution: Risk where the final execution price is different from the screen price, leading to dilution in the spreads and hence impacting the profitability of the reverse arbitrage strategy.

Systemic Risk: For Derivatives, especially OTC ones the failure of one Counter Party can put the whole system at risk and

the whole system can come to a halt.

The scheme may invest in various derivative products in accordance with and to the extent permitted under the regulations from time to time. Derivatives are financial contracts of pre-determined fixed duration, like stock Futures /options and index futures and options, whose values are derived from the value of an underlying primary financial instrument such as: Equities, Interest rates, Exchange rates and Commodities. Derivative products are specialized instruments that require investment techniques and risk analysis which are different from those associated with stocks and other traditional securities.

Derivatives are highly leveraged instruments and a small price fluctuation in the underlying can have a larger impact on its value. Thus, its use can lead to disproportionate gains or losses to the portfolio. Execution of derivatives instruments depends on the ability of the fund manager to identify good opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

"The risks associated with the use of Derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments."

ix. Risks Associated with investing in Money Market Instruments

- Investments in money market instruments would involve a moderate credit risk i.e., risk of an issuer's inability to meet interest and principal payments.
- Money market instruments may also be subject to price volatility due to factors such as changes in interest rates, the general level of market liquidity and market perception of creditworthiness of the issuer of such instruments.
- The NAV of the Units, to the extent that the corpus of the Scheme is invested in money market instruments, will be affected by changes in the level of interest rates. When interest rates in the market rise, the value of a portfolio of money market instruments can be expected to decline.

x. Risk Factors Associated with Investments in REITs and InvITs

- **Market Risk:** REITs and InvITs Investments are volatile and subject to price fluctuations on a daily basis owing to factors impacting the underlying assets. AMC/Fund Manager's will do the necessary due diligence but actual market movements may be at variance with the anticipated trends.
- **Liquidity Risk:** As the liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes, settlement periods, dissolution of the trust, potential delisting of units on the exchange etc, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk.
- **Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or Payout of Income Distribution cum Capital Withdrawal, etc. Consequently, the proceeds may get invested in assets providing lower returns.
- **Regulatory/Legal Risk:** REITs and InvITs being new asset classes, rights of unit holders such as right to information etc. may differ from existing capital market asset classes under Indian Law.

xi. Risks associated with investing in Tri Party Repo through CCIL (TREPS):

All the market repo and Tri-party repo are settled through Clearing Corporation of India Limited (CCIL). CCIL acts as a Central Counterparty (CCP) to all trades received for settlement.

Risk of exposure in the TREPS, Repos & Reverse Repos in Government Securities/Treasury Bills emanates mainly on two counts –

- a. Risk of failure by a lender to make funds available or by a borrower to provide adequate collateral security to accept the fund at the first leg of borrowing and lending under Tri-party Repo transaction or Repo transactions in Government Securities / treasury Bills.
- b. Risk of default by a borrower in repayment.

xii. Risk factors associated with Creation of Segregated Portfolio

Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer. Security comprising of segregated portfolio may not realize any value. Listing of units of segregated portfolio in recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further, trading price of units on the stock market may be significantly lower than the prevailing NAV.

xiii. Risks associated with Covered Call Strategy

The risk associated with covered calls is the loss of upside, i.e. if the shares are assigned (called away), the option seller forgoes any share price appreciation above the option strike price.

The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock. The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.

The writing of covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received the scheme would be at a loss.

xiv. Risks associated with Short Selling & Securities Lending:

Securities Lending is a lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to the collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of corporate benefits accruing thereon.

Short-selling is the sale of shares or securities that the seller does not own at the time of trading. Instead, he borrows it from someone who already owns it. Later, the short seller buys back the stock/security he shorted and returns the stock/security to the lender to close out the loan. The inherent risks are Counterparty risk and liquidity risk of the stock/security being borrowed. The security being short sold might be illiquid or become illiquid and covering of the security might occur at a much higher price level than anticipated, leading to losses.

xv. Risk Associated while transacting through Email (Applicable for Non – Individual Investors)

The AMC allows investors for transacting in mutual fund units through email. This may involve certain risks which the investor should carefully consider. Investors should note that email-based instructions are inherently vulnerable to risks such as interception, unauthorized access, phishing, spoofing, failed delivery and unintended transmission and should ensure appropriate safeguards are in place when using such mode of transaction. The AMC does not accept any responsibility or liability for any loss, damages or inconvenience caused due to errors, delays, non - receipt or unauthorized access associated with transacting through email.

C. RISK MITIGATION STRATEGIES

Concentration Risk:

The Scheme will try and mitigate this risk by investing in large number of companies so as to maintain optimum diversification and keep stock-specific concentration risk relatively low.

Liquidity Risk:

As such the liquidity of stocks that the fund invests into could be relatively low. The fund will try to maintain a proper asset-liability match to ensure redemption / Maturity payments are made on time and not affected by illiquidity of the underlying stocks.

Risks Associated with Equity Investments:

The scheme has a diversified portfolio to counter the volatility in the prices of individual stocks. Diversification in the portfolio reduces the impact of high fluctuations in daily individual stock prices on the portfolio.

Risks Associated with Debt & Money Market Instruments

Credit Risk – The fund has a rigorous credit research process. There is a regulatory and internal cap on exposure to each issuer. This ensures a diversified portfolio and reduced credit risk in the portfolio.

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

Risks associated with investing in Tri-Party Repo through CCIL (TREPS)

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Triparty Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the “Default Waterfall”. As per the waterfall mechanism, after the defaulter’s margins and the defaulter’s contribution to the default fund have been appropriated, CCIL’s contribution is used to meet the losses. Post utilization of CCIL’s contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member). However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower. Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.”

II. INFORMATION ABOUT THE SCHEME

A. WHERE WILL THE SCHEME INVEST?

Subject to the Regulations, the corpus of the Scheme may be invested in all or any one of (but not exclusively) the following securities:

- Equity and equity related instruments - including preference shares, convertible bonds and debentures and warrants carrying the right to obtain equity shares.

B. WHAT ARE THE INVESTMENT RESTRICTIONS?

i. Investment Restrictions

Investment restrictions as contained in the Seventh Schedule to SEBI (Mutual Funds) Regulations, 1996 and applicable to the Scheme is provided below –

1. As per Para 12.8.3.1 of SEBI Mutual Funds Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024. A mutual fund scheme shall not invest more than:
 - a) 10% of its NAV in debt and money market securities rated AAA; or
 - b) 8% of its NAV in debt and money market securities rated AA; or
 - c) 6% of its NAV in debt and money market securities rated A and below issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Trustee and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation.

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and triparty repo on Government securities or treasury bills.

Provided further that investments within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board.

Provided further that such limit shall not be applicable for investments in case of debt exchange traded funds or such other funds as may be specified by the Board from time to time.

2. The scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments.

Provided that the scheme may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by the Board from time to time.

Provided further that the scheme shall comply with the norms under this clause within the time and in the manner as may be specified by the Board from time to time.

Provided further that the norms for investments by mutual fund schemes in unrated debt instruments shall be specified by the Board from time to time.

3. No Mutual Fund under all its schemes should own more than 10% of any company's paid up capital carrying voting rights.
4. Transfers of investments from one scheme to another scheme in the same mutual fund shall be allowed only if:
 - a) Such transfers are done at the prevailing market price for quoted instruments on spot basis. In the absence of a traded price, price derived from the last valuation yield shall be used. [Explanation: "Spot basis" shall have same meaning as specified by stock exchange for spot transactions;]
 - b) The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

5. Debentures, irrespective of any residual maturity period (above or below one year), shall attract the investment restrictions as applicable for debt instruments as specified under Clause 1 and 1A of Seventh Schedule to the Regulations.

6. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities.

Provided further that the mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the Board.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

7. No mutual fund scheme shall invest more than 10% of its NAV in the equity shares or equity related instruments of any company.
8. The Mutual Fund shall get the securities purchased or transferred in the name of the Mutual Fund on account of the concerned scheme, wherever investments are intended to be of long-term nature.
9. The scheme shall not park funds pending deployment in short term deposits of scheduled commercial banks.
10. The Scheme shall not make any investment in,
 - a) Any unlisted security of an associate or group company of the sponsor; or
 - b) Any security issued by way of private placement by an associate or group company of the sponsor; or
 - c) The listed securities of group companies of the sponsor which is in excess of 25% of the net assets.
11. The Scheme shall not make any investment in any fund of funds scheme.
12. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of Repurchase/Redemption of Unit or payment of interest and/or IDCW to the Unit holder.
13. All investments by a mutual fund scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.
14. A mutual fund may invest in the units of REITs and InvITs subject to the following:
 - a. No mutual fund under all its schemes shall own more than 10% of units issued by a single issuer of REIT and InvIT; and
 - b. A mutual fund scheme shall not invest –
 - i. more than 10% of its NAV in the units of REIT and InvIT; and
 - ii. more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer.
15. Further, pursuant to para 12.25 of SEBI Mutual Funds Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 has prescribed the following investment restrictions w.r.t. investment in derivatives:
 - a. The cumulative gross exposure through debt and derivative positions shall not exceed 100% of the net assets of the scheme. Cash or cash equivalents with residual maturity of less than 91 days shall be treated as not creating any exposure.
 - b. The Scheme shall not write options or purchase instruments with embedded written options. However, pursuant to the para 12.25.8 of SEBI Mutual Funds Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024, the scheme shall write call options only under a 'covered call strategy' subject to the conditions as mentioned in the said circular.
 - c. The total exposure related to option premium paid shall not exceed 20% of the net assets of the scheme.
 - d. Exposure due to hedging positions may not be included in the above mentioned limits subject to the following:
 - i. Hedging positions are the derivative positions that reduce possible losses on an existing position in securities and till the existing position remains.
 - ii. Hedging positions cannot be taken for existing derivative positions. Exposure due to such positions shall have to be added and treated under limits mentioned in Point a.
 - iii. Any derivative instrument used to hedge has the same underlying security as the existing position being hedged.
 - iv. The quantity of underlying associated with the derivative position taken for hedging purposes does not exceed the quantity of the existing position against which hedge has been taken.
 - e. Exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limits mentioned in point a.
 - f. Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option Premium Paid * Lot Size * Number of Contracts.

The Scheme may enter into plain vanilla interest rate swaps for hedging purposes. The counter party in such transactions has to be an entity recognized as a market maker by RBI. Further, the value of the notional principal in such cases shall not exceed the value of respective existing assets being hedged by the scheme. Exposure to a single counterparty in such transactions shall not exceed 5% of the net assets of the scheme.

The Scheme will comply with the other Regulations applicable to the investments of Mutual Funds from time to time.

All the investment restrictions will be applicable at the time of making investments. Apart from the Investment Restrictions prescribed under the Regulations, internal risk parameters for limiting exposure to a particular scrip or sector may be prescribed from time to time to respond to the dynamic market conditions and market opportunities.

- ii. The AMC/Trustee may alter these above stated restrictions from time to time to the extent the Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective.

iii. Investments in other schemes

According to the Clause 4 of Schedule 7 read with Regulation 44(1), of the SEBI (MF) Regulations, 1996: "A scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter-scheme investments made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund."

iv. AMC's investments in the Scheme

As per the amended regulations i.e. sub-regulation 16(A) in Regulation 25 of SEBI (Mutual Funds) Regulations, 1996 ('MF Regulations'), asset management companies ('AMCs') are required to invest such amount in such scheme(s) of the mutual fund, based on the risk associated with the scheme, as may be specified by the Board from time to time.

As per sub-regulation 17 in Regulation 25 of SEBI (Mutual Funds) Regulations, 1996 ('MF Regulations'), The asset management company shall not invest in any of its scheme, unless full disclosure of its intention to invest has been made in the offer documents, in case of schemes launched after the notification of Securities and Exchange Board of India (Mutual Funds) (Amendment) Regulations, 2011:

Provided that an asset management company shall not be entitled to charge any fee on its investment in that scheme.

The Trustee/AMC may alter these above stated restrictions of Section I - (What Are the Investment Restrictions) from time to time to the extent the SEBI (MF) Regulations change, so as to permit the Scheme(s) to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective.

- Regulations 1996, the repurchase price shall not be lower than 97% of the NAV.
- Listing is not envisaged as the Scheme is an open-ended Scheme, with the Fund providing for sales and repurchase on a continuous basis.
- Aggregate fees and expenses charged to the scheme - For detailed fees and expenses charged to the scheme please refer to section- I Part - III 'C – Annual Scheme Recurring Expenses'
- The Scheme does not provide any safety net or guarantee nor does it provide any assurance regarding the realization of the investment objective of the scheme.

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations, the Trustees shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s) / Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s) / Option(s) thereunder and affect the interests of Unitholders is carried out unless:

The following are the Fundamental Attributes of the scheme, in terms of Clause 1.14 of SEBI Master Circular for Mutual Funds dated June 27, 2024:

- SEBI has reviewed and provided its comments on the proposal
- A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- The Unitholders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any exit load.

D. OTHER SCHEME SPECIFIC DISCLOSURES:

Listing and transfer of units	Listing: The Units of the Scheme are presently not proposed to be listed on any stock exchange. However, the Fund may at its sole discretion list the Units under the Scheme on one or more Stock Exchanges at a later date, and thereupon the Fund will make a suitable public announcement to that effect. Transfer of units: In accordance with SEBI circular number CIR/IMD/DF/10/2010 dated August 18, 2010 all units of Shriram Flexi Cap Fund to be held in electronic (demat) form, will be transferable and will be subject to the transmission facility in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996 as may be amended from time to time. If a person becomes a holder of the Units consequent to operation of law, or upon enforcement of a pledge, the Fund will, subject to production of satisfactory evidence, effect the transfer, if the transferee is otherwise eligible to hold the Units. Similarly, in cases of transfers taking place consequent to death, insolvency etc., the transferee's name will be recorded by the Fund subject to production of satisfactory evidence. Transfer of units held in Non-Demat [Statement of Account ('SOA')] mode: Pursuant to AMFI Best Practices Guidelines Circular No. 135/BP/119/2025-26 dated May 08, 2025 read with AMFI Best Practices Guidelines Circular No. 135/BP/116/2024- 25 dated August 14, 2024 on 'Standard Process for Transfer of Units held in Non-Demat (SoA) mode', the facility for transfer of units held in non-demat (SoA) mode shall be available to all the investors under Resident/non- resident individual category including the unitholders falling under the following three categories: - Surviving joint holder, who wants to add new joint holder(s) in the folio upon demise of one or more joint unitholder(s). - A Nominee of a deceased unitholder, who wants to transfer the units to the legal heirs of the deceased unitholder, post the transmission of units in the name of the nominee; - A minor unitholder who has turned a major and has changed his/her status from minor to major, wants to add the name of the parent / guardian, sibling, spouse etc. in the folio as joint holder(s) - Partial transfer of units held in a folio shall be allowed. However, if the balance units in the transferor's folio falls below specified threshold / minimum number of units as specified in the SID, such residual units shall be compulsorily redeemed, and the redemption amount will be paid to the transferor. - If the request for transfer of units is lodged on the record date, the IDCW payout/ reinvestment shall be made to the transferor. To mitigate the risk, redemption of the transferred units shall not be allowed for 10 days from the date of transfer. This will enable the investor to revert in case the transfer is initiated fraudulently. Pre-requisites: - The surviving unit holder /nominee/minor unitholder who has turned major, should be registered as the rightful unitholder of the units in the folio to be eligible to apply for transfer of units held in SOA mode; - There should be no "lien" or freeze on the units being transferred for any reason whatsoever. Also, the Units should not be under any lock-in period. - The transferee(s) should mandatorily be an individual / individual(s) with a valid folio in the mutual fund in which the transferor wishes to transfer the units. The Transferee should hold KYC validated status with valid PAN, CBS account details, email address and mobile Number. Transferee should mandatorily have submitted duly completed Nomination form or Opt-out declaration. Transferee should be eligible to hold the Units as per the respective SID and fulfil any other regulatory requirement as may be applicable. - The primary holder, Plan, Option, and the ARN (in case of Regular Plan) in the transferor's Folio shall remain unchanged upon transfer of units in the transferee folio.
--------------------------------------	---

	Payment of Stamp duty on Transfer of Units: - The Stamp duty for transfer of units, if/where applicable, shall be payable by the transferor. - For calculation of the amount of stamp duty, the consideration value will be calculated as per the last available NAV (irrespective of the amount of consideration mentioned by the transferor in the transfer request). The stamp duty if/where applicable, shall be collected by the RTAs from the transferor through online mode by ensuring that the payment is received from the bank account registered in the folio.
Dematerialization of units	Investors shall have an option to receive allotment of Mutual Fund units in their demat account while subscribing to the Scheme in terms of the guidelines/ procedural requirements as laid by the Depositories (NSDL/CDSL) from time to time. Investors desirous of having the Units of the Scheme in dematerialized form should contact the ISCs of the AMC/Registrar. Where units are held by investor in dematerialized form, the demat statement issued by the Depository Participant would be deemed adequate compliance with the requirements in respect of dispatch of statements of account. In case investors desire to convert their existing physical units (represented by statement of account) into dematerialized form or vice versa, the request for conversion of units held in physical form into Demat (electronic) form or vice versa should be submitted along with a Demat/Remat Request Form to their Depository Participants. In case the units are desired to be held by investor in dematerialized form, the KYC performed by Depository Participant shall be considered compliance of the applicable SEBI norms. Units held in Demat form are freely transferable in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time. Transfer can be made only in favour of transferees who are capable of holding units and having a Demat Account. The delivery instructions for transfer of units will have to be lodged with the Depository Participant in requisite form as may be required from time to time and transfer will be affected in accordance with such rules / regulations as may be in force governing transfer of securities in dematerialized mode. The demat option is provided to all schemes and options of Shriram Mutual Fund except for all daily and weekly IDCW options under all debt and liquid schemes. For details, Investors may contact any of the Investor Service Centres of the AMC.
Minimum Target amount (This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return.)	Not Applicable
Maximum Amount to be raised (if any)	No cap on maximum amount.
Dividend Policy (IDCW)	Not Applicable.
Allotment (Detailed procedure)	Allotment of Units will be made to the eligible applicants under the Scheme who comply with the terms of the scheme. Allotment of units will be made to all the applicants provided the applications are complete in all respects. [Fractional units will be allotted up to two decimals]. However, acceptance of application and allotment of units / fractional units will be at the absolute discretion of the Trustees and the application can be rejected without assigning any reason whatsoever. Date of subscription at the notified centres is deemed to be the date of allotment for claiming tax benefits under the Scheme, provided the application has not been rejected by the Fund subsequently for the reasons explained above. Full allotment will be made to all valid applications received during the New Fund Offer Period of respective Plan(s). Allotment of Units shall be completed not later than 5 business days

	after the close of the New Fund Offer Period
Refund	If application is rejected, full amount will be refunded in terms of applicable provisions of Master Circular dated June 27, 2024.

The pledgor will not be able to redeem Units that are pledged until the entity to which the Units are pledged provides written authorisation to the fund that the pledge/lien charge may be removed. As long as Units are pledged, the pledgee will have complete authority to redeem such Units. Decision of the AMC shall be final in all cases of lien marking. Suspension of Redemption / Repurchase of Units and IDCW Distribution The Mutual Fund at its sole discretion reserves the right to withdraw repurchase or switching of Units of the Scheme, temporarily or indefinitely, if in the opinion of the AMC the general market conditions are not favourable and /or suitable investment opportunities are not available for deployment of funds. However, the suspension of repurchase/switching either temporarily or indefinitely will be with the approval of the trustee. The AMC reserves the right in its sole discretion to withdraw the facility of switching out of the Scheme, temporarily or indefinitely. Further, the AMC & Trustee may also decide to temporarily suspend determination of NAV of the Scheme offered under this Document, and consequently redemption of Units, declaration and distribution of IDCW in any of the following events: 1. When one or more stock exchanges or markets, which provide basis for valuation for a substantial portion of the assets of the Scheme are closed otherwise than for ordinary holidays. 2. When, as a result of political, economic or monetary events or any circumstances outside the control of the Trustee and the AMC, the disposal of the assets of the Scheme is not reasonable, or would not reasonably be practicable without being detrimental to the interests of the Unit holders. 3. In the event of a breakdown in the means of communication used for the valuation of investments of the Scheme, without which the value of the securities of the Scheme cannot be accurately calculated. 4. During periods of extreme volatility of markets, which in the opinion of the AMC are prejudicial to the interests of the Unit holders of the Scheme. 5. In case of natural calamities, strikes, riots and bandhs. 6. In the event of any force majeure or disaster that affects the normal functioning of the AMC or the Registrar. 7. During the period of Book Closure. 8. If so directed by SEBI. In the above eventualities, the time limits indicated above, for processing of requests for redemption of Units and/or distribution of IDCW will not be applicable. Further an order to purchase units is not binding on and may be rejected by the Trustee, the AMC or their respective agents until it has been confirmed in writing by the AMC or its agents and payment has been received. The suspension or restriction of repurchase/redemption facility under the scheme shall be made applicable only after the approval of the Board of Directors of the Asset Management Company and the Trustee and the details of the circumstances and justification for the proposed action shall be informed to SEBI in advance. Right to Limit Purchase & Redemptions In terms of the Para 1.12 of SEBI Mutual Funds Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024 a. Restriction on redemption may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:

	i. Liquidity issues - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security. AMCs should have in place sound internal liquidity management tools for schemes. Restriction on redemption cannot be used as an ordinary tool in order to manage the liquidity of a scheme. Further, restriction on redemption due to illiquidity of a specific security in the portfolio of a scheme due to a poor investment decision, shall not be allowed. ii. Market failures, exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies. iii. Operational issues – when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Such cases can only be considered if they are reasonably unpredictable and occur in spite of appropriate diligence of third parties, adequate and effective disaster recovery procedures and systems. b. Restriction on redemption may be imposed for a specified period of time not exceeding 10 working days in any 90 days period. c. Any imposition of restriction would require specific approval of Board of AMCs and Trustees and the same should be informed to SEBI immediately. d. When restriction on redemption is imposed, the following procedure shall be applied: i. No redemption requests upto INR 2 lakh shall be subject to such restriction. ii. Where redemption requests are above INR 2 lakh, AMCs shall redeem the first INR 2 lakh without such restriction and remaining part over and above INR 2 lakh shall be subject to such restriction. The AMC reserves the right to reject the further subscription/ application for units of the Scheme on an on-going basis, depending on the prevailing market conditions and to protect the interest of the Investors. Such change will be notified to the Investors by display of notice at various investor service centres of AMCs and its website.
Cut off timing for subscriptions/redemptions/ switches This is the time before which your application (complete in all respects) should reach the official points of acceptance.	The below cut-off timings and applicability of NAV shall be applicable in respect of valid applications received at the Official Point(s) of Acceptance on a Business Day: For Purchase (including switch-in) of any amount: - In respect of valid applications received upto 3.00 p.m. and where the funds for the entire amount are available for utilization before the cut-off time i.e. credited to the bank account of the Scheme before the cut-off time - the closing NAV of the day shall be applicable. - In respect of valid applications received after 3.00 p.m. and where the funds for the entire amount are credited to the bank account of the Scheme either on the same day or before the cut-off time of the next Business Day i.e. available for utilization before the cut-off time of the next Business Day - the closing NAV of the next Business Day shall be applicable. - Irrespective of the time of receipt of application, where the funds for the entire amount are credited to the bank account of the Scheme before the cut-off time on any subsequent Business Day i.e. available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable. For Switch-ins of any amount: For determining the applicable NAV, the following shall be ensured: - Application for switch-in is received before the applicable cut-off time. - Funds for the entire amount of subscription / purchase as per the switch-in request are credited to the bank account of the Scheme before the cut-off time. - The funds are available for utilization before the cut-off time. - In case of 'switch' transactions from one scheme to another, the allocation shall be in line

	with redemption payouts. To clarify, for investments through systematic investment routes such as Systematic Investment Plans (SIP), Systematic Transfer Plans (STP), etc. the units will be allotted as per the closing NAV of the day on which the funds are available for utilization by the Target Scheme irrespective of the installment date of the SIP, STP, etc. In case of switch transactions, funds will be made available for utilization in the switch- in scheme based on redemption payout cycle of the switch out scheme. Repurchase / Redemptions including Switch-outs or Reverse Sweep: - Where the valid applications is received upto 3.00 pm at the Official Point of Acceptance, same day closing NAV shall be applicable; and - Where the valid application is received after 3.00 pm at the Official Point of Acceptance, the closing NAV of the next business day shall be applicable. As per the existing procedure, the applications will be time stamped in accordance with the SEBI Guidelines. <u>Switch Transactions:</u> Valid application for "switch out" shall be treated as redemption & for "switch in" shall be treated as purchases & the relevant NAV of "Switch in" & "Switch Out" shall be applicable accordingly. Above cut off timings shall also be applicable to investments made through Sweep mode. Outstation cheques/demand drafts will not be accepted. As per the existing procedure, the applications will be time stamped in accordance with the SEBI Guidelines. The Trustee reserves the right to change / modify the aforesaid requirements at a later date in line with SEBI directives from time to time.

In case the Unit holder does not specify the number or amount, the request will not be processed. Note: In accordance with the regulatory requirement, the minimum application amount and minimum redemption amount will not be applicable for investment made in schemes of the Fund in compliance with the Para 6.10 of SEBI Mutual Funds Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2024/90 dated June 27, 2024
Minimum balance to be maintained and consequences of non-maintenance	There is no minimum balance requirement.
Mandatory Updation of Know Your Customer (KYC)	It is mandatory to complete the KYC requirements for all unit holders, including for all joint holders and the guardian in case of folio of a minor investor. Accordingly, Financial transactions (including redemptions, switches and all types of systematic plans) and non-financial transaction requests will not be processed if the unit holders have not completed

requirements for processing of mutual fund transactions	KYC as per the extant KYC guidelines. Unit holders are advised to use the applicable KYC Form for completing the KYC requirements and submit the form at the Investor Service Centre/Official Point of Acceptance. Further, upon updation of PAN details with the KRA (KRAKYC)/CERSAI (CKYC), the unit holders are requested to intimate us/our Registrar and Transfer Agent their PAN information along with the folio details for updation in our records. Permanent Account Number (PAN) is mandatory for all the purchases/additional purchases irrespective of the amount of investments for all the existing and prospective investors (including NRIs) including joint holders and guardians in case of investments by Minors. Exempted investors are required to provide alternate proof of identity in lieu of PAN for KYC purposes and are allotted PAN-exempt KYC Reference Number (PEKRN). No investments (Systematic transaction, lumpsum, redemption) shall be permitted in such folios wherein PAN/ PEKRN details are not available. In addition to the above details, the AMC shall ensure compliance with the requirements of SEBI Master Circular dated October 12, 2023 on 'Know Your Client (KYC) norms for the securities market' and any further clarifications issued by SEBI/AMFI in this regard from time to time. Email Communication: If the investor has provided an email address, the same will be registered in Shriram Asset Management Company Limited ("Shriram AMC") records and will be treated as his consent to receive allotment confirmations, account statement, annual report/abridged summary and any statutory/other information as permitted via electronic mode/email.
Accounts Statements	<u>For normal transactions (other than SIP/STP) during ongoing sales and repurchase:</u> The process of allotment of Units in demat or physical mode (as opted by the investor / unit holder in the application form) and sending of allotment confirmation by way of email and / or Short Messaging Service (SMS) (if the mobile number is not registered under Do Not Call Registry) specifying the number of units will be completed within 5 Business Days from the date of closure of the NFO period. - The unit holder may request for a physical account statement by writing/calling the AMC/ISC/R&T. The AMC will issue the same within 5 working days. For SIP / STP transactions: - SIP/STP Account Statements will be dispatched on monthly basis through monthly CAS. - A soft copy of the Account Statement shall be mailed to the investors under SIP/STP to their e-mail address on a monthly basis, if so mandated. - However, the first Account Statement under SIP/STP shall be issued within 10 working days of the initial investment/transfer. - In case of specific request received from investors, Mutual Funds shall provide the account statement (SIP/STP) to the investors within 5 working days from the receipt of such request without any charges. Annual Account Statement: - The Mutual Funds shall provide the Account Statement to the Unit holders who have not transacted during the last six months prior to the date of generation of account statements. The Account Statement shall reflect the latest closing balance and value of the Units prior to the date of generation of the account statement - The account statements in such cases may be generated and issued along with the Portfolio Statement or Annual Report of the Scheme. Alternately, soft copy of the account statements shall be mailed to the investors' e-mail address, instead of physical statement, if so mandated. Half-yearly CAS shall be issued at the end of every six months (i.e. September/ March) on or before 21st day of succeeding month, to all investors providing the prescribed details across all

	schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable As a green initiative measure, SEBI vide its circular no. SEBI/HO/MRD-PoD2/CIR/P/2024/93 dated July 01, 2024 has specified that the CAS shall be despatched by email to all the investors whose email addresses are registered with the Depositories and AMCs/MF-RTAs. However, where an investor does not wish to receive CAS through email, option shall be given to the investor to receive the CAS in physical form at the address registered with the Depositories and the AMCs/MF-RTAs. The depositories shall also intimate the investor on quarterly basis through the SMS mode specifying the email id on which the CAS is being sent. If there is any transaction in any of the Demat accounts of the investor or in any of his mutual fund folios, depositories shall send the CAS within twelve (12) days from the month end and to investors that have opted for delivery via physical mode, within fifteen (15) days from the month end w.e.f May 14, 2025 pursuant to SEBI Circular No. SEBI/HO/MRD/PoD1/CIR/P/2025/16 dated February 14, 2025.
