Transparency/ NAV/ Portfolio Disclosure:

The AMC will calculate and disclose the first NAV of the respective plans not later than 5 business days from the date of allotment of the respective plans. The Mutual Fund shall prominently disclose the Net Asset Value of the scheme on every business day under a separate head on the website of the AMC "www.shriramamc.in" as well as on AMFI's website "www.amfiindia.com" by 11:00 p.m of the same day. This time limit may be revised based on any amendment as introduced by SEBI for uploading NAV from time to time. If the NAVs are not available before commencement of business hours on the following day due to any reason, the Fund shall issue a press release providing reasons and explaining when the Fund would be able to publish the NAVs. NAV shall be calculated on all business days. In addition, the NAV for all business days will be available at our Branch Offices. Further, Mutual Fund/ AMC shall extend facility of sending latest available NAVs to unit holders through SMS, upon receiving a specific request in this regard.

The Mutual Fund / AMC shall disclose portfolio (along with ISIN) of the Scheme on fortnightly basis (as on 15th & last day of each month) within 5 days of every fortnight and half yearly basis within 10 days of each half year (i.e. 31st March & 30th September) on website of Mutual Fund (www.shriramamc.in) and on the website of AMFI (www.amfiindia.com).

In case of Unitholders whose e-mail addresses are registered, the Mutual Fund / AMC shall send via e-mail fortnightly and half yearly statement of Scheme portfolio within 5 days from each fortnight and within 10 days from the close of each half-year, respectively.

Mutual Fund/ AMC shall publish an advertisement every half-year disclosing the hosting of the half-yearly statement of its scheme portfolio on the AMC website and on the website of AMFI and the modes such as SMS, telephone, email or written request (letter) through which a unit holder can submit a request for a physical or electronic copy of the statement of scheme portfolio. Such advertisement shall be published in the all India edition of at least two daily newspapers, one each in English and Hindi.

Mutual Fund/ AMC shall provide a physical copy of the statement of its scheme portfolio, without charging any cost, on specific request received from a unit holder.

Life of scheme: The scheme, being an open ended scheme, has perpetual duration.

Applicability of Stamp Duty on Mutual Fund Transactions: Unitholders are requested to note that, pursuant to Notification No. S.O. 1226(E) and G.S.R. 226(E) dated March 30, 2020, issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019, issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, a stamp duty @0.005% of the transaction value would be levied on applicable mutual fund transactions, with effect from July 1, 2020. Accordingly, pursuant to levy of stamp duty, the number of units allotted on purchase/switch in transactions (including Reinvestment of Income Distribution cum capital withdrawal option) to the unitholders would be reduced to that extent.

Disclosure of Risk-o-Meter: The AMC will evaluate the Risk-o-Meter on a monthly basis and shall disclose the same along with the portfolio disclosure. Any change in the risk-o-meter will be communicated by way of Notice-cum- Addendum and by way of an email / SMS to the Unit holders of the Scheme.

I. INTRODUCTION

A. RISK FACTORS

Standard Risk Factors:

1. Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
2. As the price/ value/ interest rates of the securities in which the scheme investment fluctuates, the value of your investment in the scheme may go up or down depending on the various factors and forces affecting the capital markets and money markets.
3. Past performance of the Sponsor/ AMC/ Mutual Fund does not indicate or guarantee the future performance of the scheme of the Mutual Fund.
4. Shriram Overnight Fund is only the name of the Scheme and does not in any manner indicate either the quality of the Scheme, its future prospects or the returns. Investors therefore are urged to study the terms of the Offer documents carefully and consult their tax and Investment Advisor before they invest in the Scheme.
5. The Sponsor is not responsible or liable for any loss resulting from the operation of the scheme beyond the initial contribution of Rs.1Lakh made by it towards setting up the Fund.
6. The present scheme is not a guaranteed or assured return scheme.
7. There is no assurance or guarantee that the objective of the mutual fund will be achieved.
8. Mutual Fund Investments are subject to market risks, read all scheme related document carefully.

Scheme Specific Risk Factors:

Some of the specific risk factors related to the Scheme include, but are not limited to the following:

(i) INTEREST RATE RISK

As with all debt securities, changes in interest rates will affect the NAVs of the Scheme as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long term securities generally fluctuate more in response to interest rate changes than of shorter-term securities. Interest rate movements in the Indian debt markets can be volatile leading to the possibility of large price movements up or down in debt and money market securities and thereby to possibly large movements in the NAV.

(ii) LIQUIDITY OR MARKETABILITY RISK

This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of some of these investments. Different segments of the Indian financial markets have different settlement periods, and such periods may be extended significantly by unforeseen circumstances. The length of time for settlement may affect the Scheme in the event it has to meet an inordinately large number of redemption or of restructuring of the Scheme's investment portfolio.

(iii) CREDIT RISK

Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). Because of this risk, debentures are sold at a yield spread above those offered on treasury securities which are sovereign obligations and generally considered to be free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the actual changes in the perceived level of credit risk as well as the actual event of default.

(iv) Price Risk

Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.

(v) Reinvestment Risk

This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.

(vi) Rating Migration Risk

Fixed income securities are exposed to rating migration risk, which could impact the price on account of change in the credit rating. For example: One notch downgrade of a AAA rated issuer to AA+ will have an adverse impact on the price of the security and vice-versa for an upgrade of a AA+ issuer.

(vii) Risks associated with investing in Tri Party Repo through CCIL (TREPS)

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honor his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall". As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.

Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower. Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.

(viii) Risks associated with transaction in Units through stock exchange(s)

In respect of transaction in Units of the Scheme through BSE and/or NSE, allotment and redemption of Units on any Business Day will depend upon the order processing / settlement by BSE and / or NSE and their respective clearing corporations on which the Fund has no control.

(ix) Risk associated with Repo Transactions

The Scheme may be exposed to counter party risk in case of repo lending transactions in the event of the counterparty failing to honor the repurchase agreement. However in repo transactions, the collateral may be sold and a loss is realized only if the sale price is less than the repo amount. The risk is further mitigated through over-collateralization (the value of the collateral being more than the repo amount).

(x) Risks associated with Repo Transactions in Corporate Debt Securities

The Scheme may be exposed to counter party risk in case of repo transactions in the event of the counterparty failing to honor the repurchase agreement. However in repo transactions, the collateral may be sold and a loss is realized only if the sale price is less than the repo amount. The risk may be further mitigated through over-collateralization (the value of the collateral being more than the repo amount). Further, the liquidation of underlying securities in case of counterparty default would depend on liquidity of the securities and market conditions at that time. It is endeavored to mitigate the risk by following an appropriate counterparty selection process, which include their credit profile evaluation and over-collateralization to cushion the impact of market risk on sale of underlying security.

(xi) Performance Risk

Performance risk refers to the risk of a scheme being unable to generate returns matching / above the returns of the scheme's benchmark. It would also mean the scheme underperforming against its peer set of other mutual fund schemes having similar portfolios, scheme classification, objective, benchmark and asset allocation. The performance risk is a function of various variables which include interest rate movement and the associated price movement of the invested debt/money market instruments, the duration risk, the credit quality movement and the liquidity of the invested instruments. These risks could arise due to a variety of market and economic activities, government policies, global economic changes, currency fluctuations, tax policies, political changes, corporate actions and investors' behavior.

(xii) Some of the other risks of investing in debt and money market securities are

- Different types of fixed income securities in which the Scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the Scheme risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities. Further even among corporate bonds, bonds, which are AAA rated, are comparatively less risky than bonds, which are AA rated.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated / unrated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.
- As zero coupon securities does not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio.
- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. The AMC may choose to invest in unlisted securities that offer attractive yields. This may increase the risk of the portfolio.
- The Scheme at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.
- Scheme performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.
- Investment in unrated instruments may involve a risk of default or decline in market value higher than rated instruments due to adverse economic and issuer-specific developments. Such investments display increased price sensitivity to changing interest rates and to a deteriorating economic environment. The market values for unrated investments tends to be more volatile and such securities tend to be less liquid than rated debt securities.
- Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Schemes.
- The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Scheme portfolio due to the extraneous factors that may impact liquidity would result, at times, in potential losses to the Scheme, in case of a subsequent decline in the value of securities held in the Scheme portfolio.

B. RISK MITIGATION MEASURES FOLLOWED:

Risk management is an integral part of the investment process. In line with Para 4.3 of SEBI Mutual Funds Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2023/74 dated May 19, 2023, the AMC incorporates adequate safeguards for controlling risks in the portfolio construction process, which would be periodically evaluated. Online monitoring of various exposure limits are done by the Front Office System. The system incorporates all the investment restrictions as per SEBI guidelines and 'soft' warning alerts at appropriate levels for preemptive monitoring. The system also enables

identifying & measuring the risk through various risk measurement tools and analyzes the same so as to act in a preventive manner. In addition to minimize the major risks for equity & debt schemes, the following steps are taken

Credit Risk: Risk of investing in unsustainable / weak companies

- In depth credit evaluation of the money market and debt instruments (other than GSecs) proposed to be invested in.
- Issuer wise and Industry wise exposure limits.

Liquidity Risk: High impact cost at the time of buying/selling

- Focus on good quality paper having good liquidity in the market at the time of portfolio construction.
- Asset-Liability management

Volatility risks: There is the risk of volatility in markets due to external factors like liquidity flows, changes in the business environment, economic policy etc. The scheme will manage volatility risk through diversification.

Reinvestment Risk: This risk refers to the interest rate levels at which cash flows received from the securities in the Schemes are reinvested. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed. Reinvestment risks will be limited to the extent of coupons received on debt instruments, which will be a very small portion of the portfolio value.

C. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

The Scheme(s)/Plan(s) shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme(s)/Plan(s) (at portfolio level). However, if such limit is breached during the NFO of the Scheme, the Fund will endeavour to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme / Plan(s) does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme / Plan(s) shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall be complied within each subsequent calendar quarter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

D. REQUIREMENT OF MINIMUM AVERAGE ASSETS UNDER MANAGEMENT (AUM)

The Scheme shall maintain an average AUM of Rs. 20 crore on half yearly rolling basis. In case, the average AUM falls below Rs. 20 crore, the AMC shall scale up the AUM of such Scheme within a period of six months so as to maintain the average AUM of Rs. 20 crore on half yearly rolling basis, failing which the Scheme shall be wound up in accordance with the provisions of Regulation 39 (2) (c) of SEBI (Mutual Funds) Regulations, 1996 as amended from time to time.

E. SPECIAL CONSIDERATIONS

- Prospective investors should study this Scheme Information Document and Statement of Additional Information carefully in its entirety and should not construe the contents hereof as advice relating to legal, taxation, financial, investment or any other matters and are advised to consult their legal, tax, financial and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming Units, before making a decision to invest/redeem/hold Units.
- Neither this Scheme Information Document ("SID"), SAI nor the Units have been registered in any jurisdiction. The distribution of this Scheme Information Document or Statement of Additional Information in certain jurisdictions may be restricted or totally prohibited to registration requirements and accordingly, persons who come into possession of this Scheme Information Document or Statement of Additional Information are required to inform themselves about and to observe any such restrictions and/ or legal compliance requirements.
- The AMC, Trustee or the Mutual Fund have not authorized any person to issue any advertisement or to give any information or to make any representations, either oral or written, other than that contained in this Scheme Information Document or the Statement of Additional Information or as provided by the AMC in connection with this offering. Prospective Investors are advised not to rely upon any information or representation not incorporated in the Scheme Information Document or Statement of Additional Information or as provided by the AMC as having been authorized by the Mutual Fund, the AMC or the Trustee.
- Redemption due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any such tax consequences that may arise due to such Redemptions.
- The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise, in the event that the Scheme is wound up for the reasons and in the manner provided in Statement of Additional Information.
- The tax benefits described in this Scheme Information Document and Statement of Additional Information are as available under the present taxation laws and are available subject to relevant conditions. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India as on the date of this Scheme Information Document and the Unit holders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unit holder is advised to consult his / her own professional tax advisor.
- The Mutual Fund may disclose details of the investor's account and transactions there under to those intermediaries whose stamp appears on the application form or who have been designated as such by the investor. In addition, the Mutual Fund may disclose such details to the bankers, as may be necessary for the purpose of effecting payments to the investor. The Fund may also disclose such details to regulatory and statutory authorities/bodies as may be required or necessary.
- In case the AMC or its Sponsor or its Shareholders or their affiliates/associates or group companies make substantial investment, either directly or indirectly in the Scheme. Redemption of Units by these entities may have an adverse impact on the performance of the Scheme. This may also affect the ability of the other Unit holders to redeem their units.
- Pursuant to the provisions of Prevention of Money Laundering Act, 2002, if after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, on failure to provide required documentation, information, etc. by the Unitholder/ investor, the AMC shall have absolute discretion to report such suspicious transactions to FIU-IND and / or to freeze the folios of the Unitholder/ investor(s), reject any application(s) / redemptions / allotment of units and effect mandatory redemption of unit holdings of the investor(s) at the applicable NAV subject to payment of exit load, if any
- The need to Know Your Customer (KYC) is vital for the prevention of money laundering. The Trustee / AMC may seek information or obtain and retain documentation used to establish identity. It may re-verify identity and obtain any missing or additional information for this purpose. The Trustee / AMC shall have absolute discretion to reject any application or prevent further transactions by a Unit holder, if after due diligence, the Investor / Unit holder / a person making the payment on behalf of the Investor does not fulfill the requirements of the Know Your Customer (KYC).
- As the liquidity of the Scheme investments may sometimes be restricted by trading volumes and settlement periods, the time taken by the Fund for Redemption of Unit may be significant in the event of an inordinately large number of Redemption Requests or of a restructuring of the Scheme portfolio. In view of this, the Trustee has the right, in its sole discretion, to limit redemptions under certain circumstances - please refer to the paragraph "Right to Limit Redemptions".

Provided that an additional exposure to financial services sector (over and above the limit of 20%) not exceeding 10% of the net assets of the Scheme shall be allowed only by way of increase in exposure to Housing Finance Companies (HFCs);.

Further, an additional exposure of 5% of the net assets of the scheme shall be allowed for investments in securitized debt instruments based on retail housing loan portfolio and/or affordable housing loan portfolio.

Provided further that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank (NHB) and the total investment/ exposure in HFCs shall not exceed 20% of the net assets of the Scheme.

Changes in Investment Pattern:

As per Para 2.9 of SEBI Mutual Funds Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2023/74 dated May 19, 2023, there will not be any rebalancing done in case of overnight fund scheme and that the portfolio will align to the asset allocation as stated in the asset allocation table above at all times.

How this scheme is different from the existing open ended debt schemes of Shriram Mutual Fund

Shriram Mutual Fund does not have any existing debt oriented scheme, hence this is currently not applicable.

Overview of Debt Market: The major players in the Indian Debt Markets today are banks, financial institutions, insurance companies and mutual funds. The instruments in the market can be broadly categorized as those issued by corporate, banks, financial institutions and those issued by state/central governments. The risk associated with any investments are – credit risk, interest rate risk and liquidity risk. While corporate papers carry credit risk due to changing business conditions, government securities are perceived to have zero credit risk. Interest rate risk is present in all debt securities and depends on a variety of macroeconomic factors. The liquidity risk in corporate securities market is higher compared to those of government securities. Liquidity in the corporate debt market has been improving due to the entry of more players and due to various measures taken by the regulators in this direction over a period of time. SEBI's directive of a compulsory rating by a rating agency for any [public issuance over 18 months is a case in point. In times to come, dematerialization, entry of private insurance companies and growth of fixed income mutual funds are expected to enhance liquidity in corporate debt market.

D. WHERE WILL THE SCHEME INVEST?

The Scheme will retain the flexibility to invest in the entire range of debt and money market instruments with overnight maturity.

Subject to the Regulations, the debt and money market instruments could be privately placed, secured, unsecured, rated or unrated.

The Scheme may undertake repo transactions in corporate debt securities in accordance with the directions issued by RBI and SEBI from time to time. Such investment shall be made subject to the guidelines which may be prescribed.

Negative list:

The Scheme will not invest/ have exposure in the following:

1. Credit default swaps
2. Short Selling
3. Equity Linked Debentures
4. Foreign Securities
5. Derivatives
6. Stock Lending
7. Debt securities/Money Market Instruments having structured obligations (SO rating) and/or credit enhancements (CE rating).

Investments in other schemes:

The scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter-scheme investments made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund.

E. WHAT ARE THE INVESTMENT STRATEGIES?

i. Investment Strategy

The funds will be invested in Debt & Money Market Instruments (with residual maturity not greater than 1 business day,) offering reasonable liquidity and returns, with risk perceived by the Investment Manager. Investments under the Scheme would be made predominantly in TREPS (Tri party Repo Dealing and Settlement), overnight reverse repos and fixed income securities/instruments with overnight maturity. The portfolio will be constructed and managed to generate returns to match the investment objective and to maintain adequate liquidity to accommodate funds movement.

Scheme Specific Investment Strategy

The Scheme aims to identify securities which offer optimal level of yields/returns, considering risk-reward ratio. An appropriate mix of cash and money

market securities will be used to achieve this. The Scheme will invest in Debt and money market securities getting matured on next business day. Money Market securities include cash and cash equivalents.

The AMC may consider the ratings of such Rating Agencies as approved by SEBI to carry out the functioning of rating agencies. In addition, the investment team of the AMC will study the macro economic conditions, including the political, economic environment and factors affecting liquidity and interest rates. The AMC would use this analysis to attempt to predict the likely direction of interest rates and position the portfolio appropriately to take advantage of the same.

The Scheme may undertake repo transactions in corporate debt securities in accordance with the directions issued by RBI and SEBI from time to time. Such investment shall be made subject to the guidelines which may be prescribed.

Procedure for taking investment decisions

The investment policy of the AMC has been approved by the Boards of the AMC and Trustees. At the strategic level, the broad investment philosophy of the AMC and the authorized exposure limits are spelt out in the Investment Policy of the Mutual Fund and the SEBI Regulations. During trading hours, the Fund Manager/s have the discretion to take investment decisions for the Scheme within the limits defined in the SEBI Regulations and the Investment Policy of the Mutual Fund. The designated Fund Manager of the Scheme will be responsible for taking day-to-day investment decisions and will inter-alia be responsible for asset allocation, security selection and timing of investment decisions.

Portfolio Turnover Policy -

The Scheme will endeavour to keep the portfolio turnover at a minimum. However the portfolio turnover ratio may vary as the Scheme may change the portfolio according to the stated Asset Allocation to align itself with the objectives of the Scheme. In the debt market, trading opportunities may arise due to changes in interest rate policy announced by the Reserve Bank of India, shifts in the yield curve, credit rating changes or any other factors where in the opinion of the fund manager there is an opportunity to enhance the total return of the portfolio.

NOTE

It must be clearly understood that the above referred portfolio strategies are not absolute, and that they can vary substantially depending upon the Fund Manager's perception as to whether the stock/debt market is in an overheated state or has fallen well below a level they consider appropriate taking into account the factors prevailing at that time, the intent being to protect the Unitholders interest, especially the NAV of the Fund.

The Fund Manager/s may, from time to time, at his/her/their absolute discretion review and modify the strategy, provided such modification is in accordance with SEBI Regulations.

F. FUNDAMENTAL ATTRIBUTES

The following are the Fundamental Attributes of the scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

(i) Type of the scheme

As per Para 12.24 of SEBI Mutual Funds Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2023/74 dated May 19, 2023 The cumulative gross exposure through equity, debt, derivative positions (including commodity and fixed income derivatives), repo transactions and credit default swaps in corporate debt securities, Real Estate Investment Trusts (REITs), Infrastructure Investment Trusts (InvITs), other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time should not exceed 100% of the net assets of the scheme.
 2. The Scheme shall not write options or purchase instruments with embedded written options. However, pursuant to the Para 12.25.1 of SEBI Mutual Funds Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2023/74 dated May 19, 2023, the scheme shall write call options only under a covered call strategy subject to the conditions as mentioned in the said circular.

Covered call Strategy: Covered call is a strategy that combines owning underlying asset, along with the option contract of underlying asset. In this strategy we hold a long position in cash in a security and at the same time we writes (Sell) the call option on the same security to generate income through premiums.

This strategy works well when market is looking mildly bullish or almost neutral and holding a underlying security is not looking to make good profit in near term, so we will sell call option to generate extra return from this underlying security.

Risk and benefits of Covered Call Strategy:

The benefit of this strategy is, when stock price doesn't move up then we will get the premium income, and when stock price falls then our loss will reduced to the extent of premium received.

The Risk of strategy is, when stock price moves beyond the strike price then our profit will be limited to strike price and premium received.

We can have an example to explain the risk and benefits of this strategy. Suppose we have 100 share of XYZ @ current spot price 100 Rs. We sold 100 call option at strike price of 110 and received 3 Rs as premium. Then there will be 3 scenarios -

Scenario 1: If share price doesn't move and remain constant. In this scenario option will not be exercised by the option buyer then we will make $100 \times 3 = 300$. If we don't have this strategy then we will make $(100 - 100) \times 100 = 0$

Scenario 2: If share price move to 120 Rs. In this scenario option will be exercised by the option buyer then our profit = $(110 - 100 + 3) \times 100 = 1300$. If we don't have this strategy then we will make profit $(120 - 100) \times 100 = 2000$ (So upside is limited)

Scenario 3: If share price move to 80 Rs In this scenario option will not be exercised by the option buyer then our loss = $(80 - 100 + 3) \times 100 = 1700$. If we don't have this strategy then we will make loss $(80 - 100) \times 100 = 2000$ (So we will reduce the loss to the extent premium received)

The Scheme will comply with the other Regulations applicable to the investments of Mutual Funds from time to time.

All the investment restrictions will be applicable at the time of making investments. Apart from the Investment Restrictions prescribed under the Regulations, internal risk parameters for limiting exposure to a particular scrip or sector may be prescribed from time to time to respond to the dynamic market conditions and market opportunities.

15. The Scheme will comply with any other Regulations applicable to the investment of mutual funds from time to time.

ii. The AMC/Trustee may alter these above stated restrictions from time to time to the extent the Regulations change, so as to permit the Scheme to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective.

iii. Investments in other schemes

According to the Clause 4 of Schedule 7 read with Regulation 44(1), of the SEBI (MF) Regulations, 1996: "A scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter- scheme investments made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the mutual fund."

iv. AMC's investments in the Scheme

As per the amended regulations i.e. sub-regulation 16(A) in Regulation 25 of SEBI (Mutual Funds) Regulations, 1996 ('MF Regulations'), asset management companies ('AMCs') are required to invest such amount in such scheme(s) of the mutual fund, based on the risk associated with the scheme, as may be specified by the Board from time to time.

As per sub-regulation 17 in Regulation 25 of SEBI (Mutual Funds) Regulations, 1996 ('MF Regulations'), The asset management company shall not invest in any of its scheme, unless full disclosure of its intention to invest has been made in the offer documents, in case of schemes launched after the notification of Securities and Exchange Board of India (Mutual Funds) (Amendment) Regulations, 2011:

Provided that an asset management company shall not be entitled to charge any fee on its investment in that scheme.

The Trustee/AMC may alter these above stated restrictions of Section I - (What Are the Investment Restrictions) from time to time to the extent the SEBI (MF) Regulations change, so as to permit the Scheme(s) to make its investments in the full spectrum of permitted investments for mutual funds to achieve its respective investment objective.

SEGREGATION OF PORTFOLIO

Definitions

- 'Segregated portfolio' shall mean a portfolio, comprising of debt or money market instruments affected by a credit event, that has been segregated in a mutual fund scheme.
- 'Main portfolio' shall mean the scheme portfolio excluding the segregated portfolio.
- 'Total portfolio' shall mean the scheme portfolio including the securities affected by the credit event. For sake of clarity, total portfolio is Main Portfolio plus Segregated Portfolio

AMC may create segregated portfolio in a mutual fund scheme subject to the following:

1. Segregated portfolio may be created, in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:
 - a. Downgrade of a debt or money market instrument to 'below investment grade', or
 - b. Subsequent downgrades of the said instruments from 'below investment grade', or
 - c. Similar such downgrades of a loan rating.
2. In case of difference in rating by multiple CRAs, the most conservative rating shall be considered. Creation of segregated portfolio shall be based on issuer level credit events and implemented at the ISIN level.
3. Creation of segregated portfolio shall be subject to guidelines specified by SEBI from time to time. Moreover, creation of segregated portfolio shall be

optional and at the discretion of the Shriram Asset Management Company Limited (SAMCL/AMC).

Creation of segregated portfolio of unrated debt or money market instruments by mutual fund schemes of an issuer that does not have any outstanding rated debt or money market instruments, subject to the following:

- a. Segregated portfolio of such unrated debt or money market instruments may be created only in case of actual default of either the interest or principal amount.
- b. Asset Management Companies are required to inform AMFI immediately about the actual default by the issuer. Upon being informed about the default, AMFI shall immediately inform the same to all AMCs. Pursuant to dissemination of information by AMFI about actual default by the issuer, SAMCL may segregate the portfolio.

Portfolio of the scheme shall be segregated in accordance with requirements as prescribed by SEBI from time to time.

Process for creation of segregated portfolio

- 1) AMC shall decide on creation of segregated portfolio on the day of credit event/receipt of information about actual default of unrated debt or money market instruments (credit event). Once AMC decides to segregate portfolio, following process shall be followed to implement the decision to segregate portfolio:
 - i. immediately issue a press release disclosing the intention to segregate such debt and money market instrument and its impact on the investors. The mutual fund should also disclose that the segregation shall be subject to Trustee approval. Additionally, the said press release shall be prominently disclosed on the website of SAMCL.
 - ii. seek approval of Board of AMC and Board of Trustees of Shriram Mutual Fund prior to creation of the segregated portfolio.
 - iii. ensure that till the time the AMC and Trustee approval is received, which in no case shall exceed 1 business day from the day of credit event, the subscription and redemption in the scheme shall be suspended for processing with respect to creation of units and payment on redemptions.
- 2) If the Trustee approval is received by SAMCL,
 - i. Segregated portfolio shall be effective from the day of credit event
 - ii. SAMCL shall issue a press release immediately with all relevant information pertaining to the segregated portfolio. The said information shall also be submitted to SEBI.
 - iii. An e-mail or SMS should be sent to all unit holders of the concerned scheme.
 - iv. The NAV of both segregated and main portfolio shall be disclosed from the day of the credit event.
 - v. All existing investors in the scheme as on the day of the credit event shall be allotted equal number of units in the segregated portfolio as held in the main portfolio.
 - vi. No redemption and subscription shall be allowed in the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall enable listing of units of segregated portfolio on the recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests.
- 3) If the Trustees do not approve the proposal to segregate portfolio, AMC shall issue a press release immediately informing investors of the same and the scheme shall re-open for subscription and redemption.

Valuation and processing of subscriptions and redemptions

- a. Notwithstanding the decision to segregate the debt and money market instrument, the valuation as per the methodologies mentioned in the Valuation Policy should take into account the credit event and the portfolio shall be valued based on the principles of fair valuation (i.e. realizable value of the assets) in terms of the relevant provisions of SEBI (Mutual Funds) Regulations, 1996 and Circular(s) issued thereunder.
- b. All subscription and redemption requests for which NAV of the day of credit event or subsequent day is applicable will be processed as per the existing circular on applicability of NAV as under:
 - i. Upon trustees' approval to create a segregated portfolio
 - Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.
 - Investors subscribing to the scheme will be allotted units only in the main portfolio based on its NAV.
 - ii. In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio.

Disclosures

In order to enable the existing as well as the prospective investors to take informed decision, the following shall be adhered to:

1. A statement of holding indicating the units held by the investors in the segregated portfolio along with the NAV of both segregated portfolio and main portfolio as on the day of the credit event shall be communicated to the investors within 5 working days of creation of the segregated portfolio.
2. Adequate disclosure of the segregated portfolio shall appear in all scheme related documents, in monthly and half-yearly portfolio disclosures and in the annual report of the mutual fund and the scheme.
3. The Net Asset Value (NAV) of the segregated portfolio shall be declared on daily basis.
4. The information regarding number of segregated portfolios created in a scheme shall appear prominently under the name of the scheme at all relevant places such as SID, KIM-cum-Application Form, advertisement, AMC and AMFI websites, etc.
5. The scheme performance required to be disclosed at various places shall include the impact of creation of segregated portfolio. The scheme performance should clearly reflect the fall in NAV to the extent of the portfolio segregated due to the credit event and the said fall in NAV along with recovery(ies), if any, shall be disclosed as a footnote to the scheme performance.
6. The disclosures at point 4 and 5 above regarding the segregated portfolio shall be carried out for a period of at least 3 years after the investments in segregated portfolio are fully recovered/ written-off.
7. The investors of the segregated portfolio shall be duly informed of the recovery proceedings of the investments of the segregated portfolio. Status update may be provided to the investors at the time of recovery and also at the time of writing-off of the segregated securities.

TER for the Segregated Portfolio

- a. No investment and advisory fees on the segregated portfolio shall be charged. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio.
- b. The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence.
- c. The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as referred in Regulation 52(6) of SEBI (Mutual Funds) Regulations, 1996 as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the FTAMIL.
- d. The costs related to segregated portfolio shall in no case be charged to the main portfolio.

Monitoring by Trustees

In order to ensure timely recovery of investments of the segregated portfolio, trustees shall ensure that:

- The AMC puts in sincere efforts to recover the investments of the segregated portfolio.
- Upon recovery of money, whether partial or full, it shall be immediately distributed to the investors in proportion to their holding in the segregated portfolio. Any recovery of amount of the security in the segregated portfolio even after the write off shall be distributed to the investors of the segregated portfolio.
- An Action Taken Report (ATR) on the efforts made by the AMC to recover the investments of the segregated portfolio is placed in every trustee meeting till the investments are fully recovered/ written-off.
- The Trustees shall monitor the compliance of SEBI requirements and disclosure in this respect shall be made in half-yearly trustee reports filed with SEBI.

In order to avoid mis-use of segregated portfolio, the Trustees have ensured to have a mechanism in place to negatively impact the performance incentives of Fund Managers, Chief Investment Officers (CIOs), etc. involved in the investment process of securities under the segregated portfolio, mirroring the existing mechanism for performance incentives of the AMC, including claw back of such amount to the segregated portfolio of the scheme.

RISKS ASSOCIATED WITH SEGREGATED PORTFOLIO

Liquidity risk

- Investor holding units of a segregated portfolio may not able to liquidate their holding till the recovery of dues from the issuer.
- Listing of units of segregated portfolio in a recognized stock exchange does not necessarily guarantee its liquidity. There may not be active trading of units in the stock market. Further trading price of units in the stock market may be significantly lower than the prevailing NAV.

Credit risk

- Security which is part of a segregated portfolio may not realize any value.

Illustration is given to understand the impact of expense ratio on a scheme return and this should not be construed as an indicative return of the scheme. The AMC would update the current expense ratios on the website of the mutual fund at least three working days prior to the effective date of change. Further, the Actual Expense ratio will also be disclosed by the AMC at Mutual Fund's website which can be accessed at link www.shriramamc.in/TER.aspx.

C. LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC (www.shriramamc.in) or may call your distributor.

Type of Load	Load chargeable (as % age of NAV)
Entry load	Not Applicable. Pursuant to SEBI circular no. SEBI/IMD/ CIR No.4/ 168230/09 dated June 30, 2009, no entry load will be charged by the Scheme to the investor.
Exit Load (During NFO and on an ongoing basis) Redemption/switch out / Transfer / Systematic Withdrawal Plan	NIL

Goods and Services Tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of Goods and Services Tax, if any, shall be credited to the scheme.

The investor is requested to check the prevailing load structure of the scheme before investing. For any change in load structure AMC will inter alia issue an addendum and display it on the website / Investor Service Centers.

Under the Scheme, the Trustee / AMC reserves the right to modify / change the Load structure if it so deems fit in the interest of smooth and efficient functioning of the Mutual Fund. The AMC reserves the right to introduce / modify the Load Structure depending upon the circumstances prevailing at that time subject to maximum limits as prescribed under the SEBI (MF) Regulations. The Load may also be changed from time to time and in the case of an

Exit / Redemption Load this may be linked to the period of holding. Exit load (net of GST) charged, if any, shall be credited to the Scheme. The investor is requested to check the prevailing load structure of the Scheme before investing. The Redemption Price however, will not be lower than 95 % of the NAV.

Any imposition or enhancement of Load in future shall be applicable on prospective investments only. AMC shall not charge any load on issue of bonus units and units allotted on reinvestment of IDCW for existing as well as prospective investors. At the time of changing the Load Structure:

1. The addendum detailing the changes will be attached to SIDs and Key Information Memorandum. The addendum may be circulated to all the distributors / brokers so that the same can be attached to all Scheme Information Documents and Key Information Memoranda already in stock.
2. The addendum will be displayed on the website of the Mutual Fund and arrangements will be made to display the addendum in the form of a notice in all the Investor Service Centres and distributors /brokers' office.
3. The introduction of the exit load along with the details will be stamped in the acknowledgement slip issued to the investors on submission of the application form and will also be disclosed in the accounts statement issued after the introduction of such load.
4. A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.
5. Any other measure which the Mutual Fund may consider necessary.

Transaction charges :

In accordance with Para 10.5.1 of SEBI Mutual Funds Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2023/74 dated May 19, 2023, Transaction Charge per subscription of Rs.10, 000/- and above shall be charged from the investors and shall be payable to the distributors/ brokers in respect of applications routed through distributor/ broker relating to Purchases / subscription / new inflows only (lump sum and SIP), subject to the following:

- For Existing / New investors: Rs.100 / Rs.150 as applicable per subscription of Rs.10,000/- and above
- Transaction charge for SIP shall be applicable only if the total commitment through SIP amounts to Rs.10,000/- and above. In such cases the transaction charge would be recovered in maximum 4 successful installments.
- There shall be no transaction charge on subscription below Rs.10,000/-.
- There shall be no transaction charges on direct investments.
- There shall be no transaction charges for transaction other than purchases/subscriptions relating to new inflows such as Switches, etc.
- Transactions carried out through the Stock Exchange platforms for mutual funds shall not be subject to transaction charges.

However the distributors shall have an option to either "Opt-in/Opt-out" from levying transaction charge based on the type of product. Therefore, the "Opt-in/Opt-out" status shall be at distributor level, basis the product selected by the distributor at the Mutual Fund industry level.

The Transaction Charge as mentioned above shall be deducted by the AMC from the subscription amount of the Unit Holder and paid to the distributor and the balance shall be invested in the Scheme. The statement of account shall clearly state that the net investment as gross subscription less transaction charge and give the number of units allotted against the net investment.

The requirement of minimum application amount shall not be applicable if the investment amount falls below the minimum amount required due to deduction of transaction charges from the subscription amount.

The AMCs shall be responsible for any malpractice/mis-selling by the distributor while charging transaction costs.

DIRECT APPLICATIONS

Pursuant to Para 10.4.1 of SEBI Mutual Funds Master Circular No. SEBI/HO/IMD/IMD-PoD-1/P/CIR/2023/74 dated May 19, 2023 no entry load shall be charged for all mutual fund schemes. Therefore, the procedure for waiver of load for direct applications is no longer applicable.
